Commissioner for Patents

Notification Re Prior Art Citation

The prior art citation filed 11 December 2008, is an improper citation under 37 CFR 1.501, because it fails to explain how the patent owner considers the prior art to be pertinent and applicable to the patent for at least one of the patent claims, how the cited reference shows or teaches at least one limitation of the claims, note MPEP 2205. Therefore, the Prior Art Citation will not be entered and the citation papers are hereby returned to the patent owner.
